I'm trying to run this as short as possible. but nonetheless me & you have to understand each other well so we ~~can~~ won't get into any disagreements: we need to be real on all issues because this is something I worked for and don't want to end up without shit. I'm not stupid so I want this done to understand that all those promises and attempts, excuses I ain't going for, because I made it very clear & simple from the get go on what I wanted and waited him for, so he is not gonna use me or my homies and walk away without showing me shit but excuses. 1st he was hired & paid more than generous to keep the communication going with my homies to keep my shit running & to move papers which he did only 600\$ and then ~~for~~ the rest besides his pay went to invest in houses, which he said it was good. ~~nothing~~ I didn't see ~~no~~ claims. he sold a house and only gave me 20 which he has in bank. I don't believe he sold shit and all along he used my \$ for his own personal interest. the property he has said its \$150^{worth} \$ which is shit. all that cleaning to end up with that is ~~no~~ to me. 2nd he ask-

that investing in hummers to make them into custom limos was good, so I agreed but this dude came out with Christies which he must think I didnt notice. he opened a shop but all he said it looked promising. I finally said no more, because he didnt accomplish shit. the cars he didnt give me as he was suppose to and all the shit in shop. + \$ he cleared. 3rd he invested my \$ in Tequila without my knowledge and I havent seen since before we got here he has only been sending me 500 a month and the other M.O's bottom line I had patience but since Im here this punk thinks hes gonna only give me drag. I want for him to show you what he has going on the so called investments, what is he gonna do for me? because I want to be set for life with all the \$ I gave him I dont only want the properties. "I want no less than one in a half million" and Im being nice, but I want it now. if he aint got shit going where Im making \$, that vato cant go no where. OR GIVE

the runaround. He has to
give my family that
\$1 and you have to make
sure he does it. whatever
happens with investing me \$ you
I want to make \$ talk
to this dude to see what
he has to say overall.
we don't want to hear B.S,
we want results. he didn't
keep his end of the deal.
he's been greedy and running
around using my \$ for himself,
everything out of his mouth. I
don't believe anymore, unless I
see something, he is not my
~~brother~~ ~~partner~~ ~~support~~.
also, talk to my Carnation &
Cunado Pedro. to make sure
they take care of me and don't
fuck off of what is mine.
and if they have a problem, I
will move it, but that is
so I can always have talk
for them and tell them I'm
not alone if any problems
get at them. I'll be there. I'll be
all the way to because I want
to accomplish something so the
ones that are only looking out
for themselves will have to pay.
I don't want him blaming
others as he always does.
I was hoping to see him again
but since you might leave

soon. I had to do it now.
I just want to make sure
I get my \$ and anything
invested to get my issue very
simple as for my areas
in my areas. I also need
to keep working, but need
votes. Platoon knows my
areas well, but he can't do
since he got hit by his homies.
do to Frankie. I need you to
clean his name with his homies
I send he can help out to overlook
interview votes to work my
areas. or into even worst in
deals, but he's good. He knows
Rosa. Rosa can quickly to see
who's there but I want to be
that area you need a solid vote
in log that I know. Like
Platoon to keep you up on my
areas, and so on. but you need
to establish contact, you will see it
better once out. I need to know
also, so there, you will have to get
him on his wing now. I want to talk to him
but still not giving me my
areas. The papers he will give
any man strike property. I want
him to sell it and give for my
of the top. The Tequila
I want to know what he's gonna do
with my \$ real estate car
business. Tequila 30 for my case
40, he had in bank to make 60
all that he has to account for 50 he has
now. all the money he was suppose to clean.
I want 300

but B.S. it looks promising
crap, "give or take" with all
the money he was keeping in
the side - "One Million in a
1/2" no less and I want
to know what's gonna happen.
no changes unless you see something
on writing from me. I'm
fed up with all shit.
get his ~~xxx~~ from house some way.
Unhappier more shit but this
is the main issue. I need
a good idea as well. when you
speak to my ~~Canada~~ Pedro
just run it by them show it
is in there and to just be
straight - ~~no~~ ~~log~~ show to USC
Computers to order books so
on have to send \$ that
way they want depend on the
~~only~~ ER for she has to go just
tell my Canada to stay away
from him to let him loose.
Bro: don't let me down no look
whatever, but write what huseo
has of mine some can be used
to make more \$ you intend a
way to ~~contact~~ ~~the~~ but as ~~unfortunately~~
with familia when need to this
is it for now - if his ~~xxx~~ aint
good when you get out, huseo will have it.
so get it from him.

good people but her
veto is jealous.

bottom line I want
my areas running again
and to know about
all \$ given to HUCRO
and what's what -
but \$500 off the top
I got coming without
question ~~for~~ ^{for} that unit -
all who help Platoon, Rosa,
I want to take care
of to show my appreciation.
all those vetos that made
me look bad and didn't keep
their word. show HUCRO we
are all the same. so he
is not gonna fuck with us
bottom line I helped carnales
always but ~~no~~ ^{no} I need help
so ~~its appreciated~~ ^{its appreciated}

P.S.

at the end of all this
I want HUCRO taken out
when he goes to T.J. just
to get an example.
any questions go to me & know.
